AFGHANISTAN.

SIMLA, August 1.—Reports from Quitta indicate that Ayob Khan did not follow up his victory to pursuing the British. It is stated that Gen. Burrows has succeeded in bringing a large body of his troops into Candahar.

LONDON, Aug. 1.—A Times correspondent seems to point to Gen. Burrows as having been outgeneraled, and the battle of Peshki Nakind will probably be hereafter cited as one more instance of the story old as British history itself, of a gallant army being ruined by the infatuation and incompetence of its leader and the treachery of its allies, as there can be little doubt that the native cavalry went over to the enemy.

A Bombay dispatch reports that the Khilati Ghazla garrison is in a very precarious state. The tribes are gathered in the vicinity, and much anxiety is felt for the garrison, unless Gen. Phayre relieves it, which would delay his march to Candahar.

The viceroy of India telegraphed, Sunday, that Ayob Khan did not follow up the British retreat. Gen. Burrows' force has arrived at Candahar. When the messenger left, Ayob Khan was encamped where the action was fought. This seems to confirm the news that Ayob Khan had suffered heavily. This news was brought by natives to Onetta.

The viceroy's telegram says our whole army is not in the citadel at Candahar, but the word "not" is probably a telegraphic error for "now."

A Kabul dispatch announces that Mr. Griffin, British representative, has met Abdurrahman at a private interview. His demeanor was excellent. There were but few troops with him.

Another Kabul dispatch says: There is a prospect of a favorable settlement with Abdurrahman and his spy withdrawal, with his troops, from Kabul, which is, no doubt, seriously menaced by Ayob Khan at Candahar, but Gen. Stewart's force is adequate for any emergency, and need fear no combination which can be brought against it.

Mr. Griffin has twice held interviews with Abdurrahman. Gen. Stewart will meet Abdurrahman in public at Calatjan.

A Kabul dispatch says Mr. Griffin held an interview with Abdurrahman, Saturday, at Zimna, which lasted three hours. The British escort consisted of three squadrons of cavalry and the amer's two hundred infantry.

Abdurrahman evidently dreads our friendship, but feels insecure until he is more successful in gaining our country to his side. His Turkistan troops are most suspicious and he finds it necessary to humor them.

A Calcutta correspondent of the Times declares it is the general impression there that Gen. Sir Frederick Haines, commander in chief of the military forces in India, is greatly to blame for the disaster to Gen. Burrows' command.

RECALLED.

LONDON, Aug. 2.—In the house of lords this evening the earl of Kimberley announced that Sir Bartle Frere had been recalled from the governorship of Cape of Good Hope. He said there had never existed between the government and Sir Bartle Frere the harmony which was essential for the public interest.

RAILROAD WRECK.

NEW YORK, Aug. 1.—The 9:35 train on the Long Island railroad, from Long Branch, last evening, reached Jamaica at 9:35, on time, and four of the coaches were switched off for Flatbush and Brooklyn, the other cars going to Hunter's Point. The train for Brooklyn started immediately, drawn by engine No. 33, Henry Walcott, engineer. The train had just passed south, and near Morris Grove, about one mile west of Jamaica, when it ran into the 9:05 train from Brooklyn, going east, drawn by engine No. 3. Both trains were running at a high rate of speed, and the back shock was terrific; its force was so great that the engine of the eastward bound train was turned almost completely around and headed west, and both engines completely demolished. Old railroad men say they never before saw such a wreck. The cars with the exception of the platform forms were only slightly damaged. The eastern train engineer, John Walcott, brother of the engineer of the western train, was injured so badly that he died shortly after being taken from under his engine. Conductor Sam. Allen, of the eastern train, had his ribs broken and is injured internally. Brakeman Wm. McDonough received a bad scalp wound. Jas. Eagan and wife, of 16th street, New York, were injured, Mrs. Eagan receiving a bad wound in the face. Mr. Eagan had his shoulders dislocated. The train from Brooklyn was a local train, and it started late and had no light. It should have remained at Woodhaven until the Long Branch train reached there. Several of the women passengers on the Long Branch train were badly bruised and cut.

THE CATHOLICS.

Frere Orban, Belgian minister of foreign affairs, concerning the publication of document which passed between Belgium and the vatican. Cardinal Nina accuses M. Frere Orban with premeditatedly breaking off relations with the vatican. He adduces numerous facts relating the charge of double-dealing against the vatican made by the Belgian minister and accuses M. Frere Orban of having party aims.

The case will be called for trial to-morrow.

FIRE.

GREENBRIER WHITE SULPHUR SPRINGS, VA., August 1.—About 2 o'clock this morning a fire broke out in the stables belonging to the springs company, located some four hundred yards west of the main hotel. There were at the time forty-six horses in the stables, only two of which escaped. Forty-four horses, twenty of which belonged to the springs company and the remaining twenty-four to guests here, were burnt. The fire was accidental and is supposed to have been the result of carelessness on the part of some colored servants. The building being an old one, and intended to be replaced by a new structure, was uninsured. No alarm was given and only a few of the guests were aware of the conflagration until this morning. The building being full of combustible material burned so rapidly that no opportunity to cut the horses loose was afforded. Among the losers were Mr. Caravan, the banker, who had three horses in the stable, Gen. Anderson, Col. Covington, of Richmond, and a number of others. Arrangements have been made for a supply of new horses immediately, so that business or the pleasure of the guests will not be interrupted.

BROCKTON, MASS., Aug. 1.—The freight house of the old Colony railroad, with a large quantity of freight, was destroyed by fire last night. Loss heavy.

NEW YORK, Aug. 2.—A fire to-day in a store house, No. 5 and 6 Ferry Place, Brooklyn, occupied by the American Breakfast Cereal Manufacturing company, caused damage to the extent of \$10,000. A boy who climbed up a pier in the neighborhood to witness the fire was knocked off by a boat and crushed to death.

DR. TANNER.

NEW YORK, August 1.—At noon Dr. Tanner entered on the thirty-fifth day of his fast. He slept well last night and appeared refreshed this morning. He was attacked with nausea and vomiting at different periods during the day, throwing up a mixture of bile and mucus. At 4:45 p. m., his pulse was found to be 78, temperature 98.4, and his dynamometer marked 82. At 2:55 he got up to put on his clothes but was unable to do so owing to an attack of vomiting. At 7:35 and at 8:40 this morning he also had attacks of vomiting and at 9 p. m. he retired to his cot and appeared to be sleeping. His medical attendants said he was in a feeble condition than yesterday; that the attacks of nausea were unfavorable and as they occurred after drinking a small quantity of fluid, it showed the doctor's stomach to be in a highly irritated condition. One of his physicians said Dr. Tanner was failing every day, but there was no doubt he would finish his task. He thought that the frequent attacks of vomiting showed that the coats of the stomach were somewhat inflamed. Dr. Tanner took nothing to-day but a little carbonated ice water.

NEW YORK, August 2.

For the first time since he commenced his fast Dr. Tanner admitted this morning that he felt very weak. He said his stomach was in a bad condition, but he expressed confidence in his ability to accomplish his undertaking. His eyes were devoid of lustre, his tongue fevered and face pinched and haggard. Still his watchers assumed that he had somewhat improved since Sunday. He has suffered from nausea three times since midnight. Small draughts of mineral water were administered to him during the night, and this morning before going on his customary drive he swallowed two ounces of very hot water. At noon he was quietly resting. He has received the following cable dispatch from Paris: "Don't waste strength driving out. Shut off all spectators. Have only your doctors and attendants. The Standard's telegrams are republished everywhere and read by everybody. Your experiment is watched here with great interest by scientists and ridiculed by fools. The hot weather is against you. Courage brave fellow. Hold on. Wish you success." (Signed) DR. MAISON SIMS.

Dr. Tanner at 2 p. m.—Sphygmographic tracings were regular and had a medium fullness and good volume. His pulse was 74, temperature 99, respiration 15, and dynamometer 82 kilograms in either hand.

EDUCATIONAL.

Completion of a New School House in the 12th District.

Dedication of Lones Institute—Speaking by Prominent Men.

A Grand Picnic, and a Good Time Generally.

Lones Institute is situated in that excellent community three miles from Knoxville, on the Kingston pike, at the junction of the road leading to Lyons View. The dedication ceremonies Saturday were witnessed by a number of people from the surrounding country, and from Knoxville. The large room was filled, a good proportion of the audience being ladies.

Judge J. F. J. Lewis officiated as president of the meeting, and on the stage we noticed Prof. Lockett, of the university, Mr. J. A. Rayl, Prof. McSpadden, Rudder and others. The services were opened by prayer and music, after which the report of the building committee was read. The report shows that the building is all paid for and sufficient of subscriptions yet uncollected for inclosing the grounds with a suitable fence and the purchase of a bell, stove, etc.

The dedicatory speech was made by Mr. J. A. Rayl. He spoke at some length upon the increasing intelligence and morality of the district, as shown by the building of so good a house, in his usual earnest, energetic manner that is familiar to every Sunday school boy and girl in the country. At the conclusion of his address, Mr. Rayl presented the deed of conveyance to Mr. Wm. R. Cooper, clerk of the board of directors for the district, who responded in a like appropriate manner in a speech of fifteen minutes.

Brief speeches were made by W. A. Connor, A. T. Cottrell, Prof. Rudder and McSpadden, Alex. Roehl and Dr. Eggleston. Judge Lewis also introduced "Willie Anderson" as one of the regular speakers of the occasion, and "Willie" made a good speech on general educational subjects.

This part of the programme was concluded with a brief address by Prof. Lockett, a gentleman who has made many friends in this community from his efficient and disinterested labors in behalf of the normal school lately on college hill.

After the speaking was over a vote of thanks was given to the Rudder band for furnishing music for the occasion, and everybody adjourned to the grove near by, where was provided a table laden with an abundance of good things sufficient to feed a multitude. In the words of our worthy chairman of the county court, "There was everything a man could call for and plenty of it."

Much credit is due to the board of directors in this district, namely: Messrs. W. R. Cooper, Chas. Blanc and Jo. Mary, under whose direction the house has been brought to so successful a completion.

Republican Meetings.

The republicans of the 7th ward will hold a grand conclave at Mrs. Haynes' lot, on Crozier street, to-morrow night, beginning at 8 o'clock. Every voter in the ward is invited to attend.

At the Creswell building, or "Long school house," Tuesday night, the 3rd ward Garfield and Arthur club will resolve itself into a grand mass meeting. Let everybody come!

On Wednesday night, at 8 o'clock, the "cloudy fifth" will hold a republican assembly on the hill back of the First Baptist church, colored. Be sure and witness the finale.

By order of the republican committee of arrangements, J. W. Hutson, A. Kidd, W. F. Yardley, W. L. Brooks, Wm. Osburn, J. W. Isom, Jas. Cowan, G. Fields, Dave Hampton, Ben Franklin, C. Edwards, Joe Black, Sandy Baxter, A. B. Johnson.

MR. EDITOR: We had an enjoyable
entertainment on the night of July
31st at Asbury church. The subject
was education, and it was well treated.
At 7:30 the choir rendered a piece of
music, conducted by Mr. M. W. Huff-
aker, and was followed by devotional
exercises conducted by Dr. Von An-
derson. Then we had music by the
choir.

Next we had an essay by Mr. L. A.
Galyon, which showed that the author
had labored hard to produce a paper
that would be a credit to himself and
a blessing to the community. Mr.
Galyon's paper considered education
according to its relations and influence:
1. On labor; 2. On government;
3. On crime; 4. On religion.

He showed that education was ne-
cessary to alleviate crime. That it dis-
tinguished labor. That there is a demand
for educated labor, and that it was
preeminently necessary for us to edu-
cate so as to know God in all his
works, and to fit ourselves for a future
usefulness.

Then followed an elaborate and able
speech by Mr. J. W. Saylor.

Mr. Saylor, by his firm stand for
education and in a most masterly man-
ner, gained the strict attention of
the audience. He treated the subject
under three different heads, as fol-
lows: 1st. What constitutes a correct
education? 2nd. Moral and religious
culture. 3rd. The effects of popular
education. He clearly demon-
strated that an education with-
out moral and religious cul-
ture was deficient; that a
correct education consists in the edu-
cation of the whole man. The au-
dience manifested a great appreciation
of the able manner in which he
handled the subject by applause.

After music by the choir, "Squire
Huffaker made us a good talk. He
urged the importance of unity
in schools. Dr. Anderson re-
sponded to a call, and
said that his idea of education had
been fully brought out by previous
speakers, and that if the young gen-
tlemen who had spoken would carry
their views into practice, that he would
vouch for their success as teachers.

Mr. Galyon, as teacher at this place,
followed in some practical remarks
concerning school government.

Aier a parting song, we adjourned,
feeling that we all had been benefited.
